**15 TOA PAYOH LOR 8, #03-07, BRADDELL TECH
SINGAPORE 319262**

We are specialize in queue management solutions. Taking advantage of today's technology, we can make your customers' queuing a more pleasant experience than before.

HOW IT WORKS?

1) Customer arrives

Customers arrives at the store in which the staff will take down customer contact number to generate queue

2) Scan QR Code

Customer will scan QR code with their mobile phone

3) Check Queue Status

Customer will be able to know their queue number and expected waiting time from their mobile phone or queue display.

4) Queue called

Staff will call the queue via web keypad and queue number will be called.

5) Customer will be serve

Customer will be served, in which our system will leave your customer with satisfaction.
